

What Should Bobby Bear Wear?

Bobby Bear needs help to decide what to wear in different kinds of weather. Look at the weather symbols on the left, then at the clothes on the right. Match them to the corresponding weather symbol by drawing a line.

Play a weather memory game using weather flashcards. Place the cards on the board with the pictures hidden. Turn the cards over one at a time. The child that identifies the kind of weather first keeps the card. Play until all the cards are gone.
