

Tracing practice for a horizontal line with a green starting dot and a red ending dot. The practice is organized into two main sections, each with a row of four lines and a corresponding row of eight lines.

Section 1 (Top):

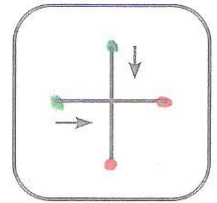

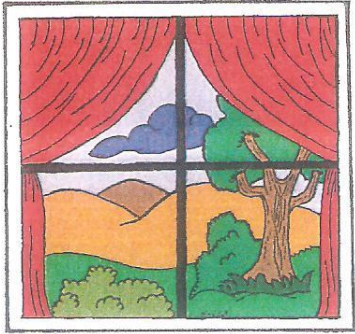

- Row 1: Four lines. The first has a solid line with a green dot and red dot. The second, third, and fourth have dashed lines with green and red dots.
- Row 2: Eight lines. The first four have dashed lines with green and red dots. The last four have dashed lines without dots.

Section 2 (Bottom):

- Row 1: Four lines. The first has a solid line with a green dot and red dot. The second, third, and fourth have dashed lines with green and red dots.
- Row 2: Eight lines. The first four have dashed lines with green and red dots. The last four have dashed lines without dots.

Tracing practice on a grid. The grid consists of 6 rows and 10 columns of dots. The first row shows a solid diagonal line with a red dot at the top-right and a green dot at the bottom-left, with an arrow pointing from the green dot to the red dot. This is followed by a row of dashed diagonal lines for tracing. The second row shows a solid diagonal line with a red dot at the top-right and a green dot at the bottom-left, with an arrow pointing from the green dot to the red dot. This is followed by a row of dashed diagonal lines for tracing. The third row shows a solid diagonal line with a red dot at the top-right and a green dot at the bottom-left, with an arrow pointing from the green dot to the red dot. This is followed by a row of dashed diagonal lines for tracing. The fourth row shows a solid diagonal line with a red dot at the top-right and a green dot at the bottom-left, with an arrow pointing from the green dot to the red dot. This is followed by a row of dashed diagonal lines for tracing. The fifth row shows a solid diagonal line with a red dot at the top-right and a green dot at the bottom-left, with an arrow pointing from the green dot to the red dot. This is followed by a row of dashed diagonal lines for tracing. The sixth row shows a solid diagonal line with a red dot at the top-right and a green dot at the bottom-left, with an arrow pointing from the green dot to the red dot. This is followed by a row of dashed diagonal lines for tracing.

A series of handwriting practice lines for the number 4. Each line consists of a solid top line, a dashed middle line, and a solid bottom line. The practice is organized into four rows:

- Row 1: Four crosses. The first is solid with colored dots (green top, red bottom, green left, red right). The second is dashed with colored dots. The third and fourth are dashed with black dots.
- Row 2: Two dashed crosses with colored dots, followed by four dashed crosses with black dots.
- Row 3: One solid cross with colored dots, one dashed cross with colored dots, one dashed cross with black dots, and three dashed crosses with black dots.
- Row 4: Two dashed crosses with colored dots, followed by six dashed crosses with black dots.
